6.2.1. The API based system through the PBAS proforma for CAS promotions is to be implemented only in a prospective manner from the academic year 2009-10 initially based on the annualized API scores earned by the teachers as depicted in Table II (a) and Table II(b). This annual API scores can be compounded prospectively as and when the teachers become eligible for CAS promotion to the next cadre with the multiplication factor of years of service required to apply for CAS promotion. (e.g. If a teacher is eligible for CAS promotion in 2009, one year API score of 2008-09 only is required; If a teacher is eligible for CAS promotion in 2010, then 2 years API scores of 2008-09 and 2009-10 cumulatively would be required and so on).

Explanatory note for Tables II (a) and II (b)

1. All universities / colleges will set up verifiable systems for the API related information required in these tables within THREE months of notification of these regulations. They will have to be documented and collated annually by the Internal Quality Assessment cells (IQACs) of the universities / colleges for follow up by the universities / college authorities. In order to facilitate this process, all teachers shall submit the duly filled-in Performance Based Appraisal System (PBAS) proforma to the IQAC annually.

2. However, in order to remedy the difficulties of collecting retrospective informations and to facilitate the implementation of these regulations from 2009-10, the API based PBAS will be progressively and prospectively rolled out.

3. Accordingly, the PBAS based on the API scores of categories I and II as mentioned in these tables is to be implemented from the year 2009-10, initially based on the existing systems in universities / colleges for one year only with the minimum average scores as depicted in Table II (a) and II (b) in rows I to III. This annualized API scores can then be compounded progressively as and when the teacher becomes eligible for CAS promotion to the next cadre with the multiplication factor of remaining years of service required to apply for CAS promotion from 2009-10. Thus, if a teacher is eligible for CAS promotion in 2009, one year API scores for 2008-09 alone will be required for assessment. In case of a teacher becoming for CAS promotion in 2010, two years average of API scores for 2008-09 and 2009-10 will be required for assessment and so on leading progressively for the complete assessment period.

4. As shown in Table 3, the aggregate minimum API score required (given in row III) can be earned from any of the two board categories, subject to the minimum prescribed in each category. This will provide for due weightage to teachers who contribute additionally through any of the components given in Categories 1 and 2 also for the differing nature of contributions possible in different institutional settings.

5. For Category 3 (research and academic contributions), maintenance of past record is done on a normal basis by teachers and hence no difficulty is envisaged in applying the API scores for this category for the entire assessment period. In this category, a aggregate minimum score is required for promotion over each stage. Alternatively, a teacher should acquire the required minimum aggregate score over two previous stages, taken together.

6. Candidates should offer themselves for assessment for promotion, if they fulfill the minimum API scores indicated in the table, by submitting an application and the required proforma. They can do so three months before the due date if they consider themselves eligible. Candidates who do not consider themselves eligible, can also apply at a later date.
